Our Materials

Paulownia

Lightweight & Sustainable

Hardwood Paulownia is a lightweight, strong and fast-growing hardwood sourced from Northern Asia. We use Paulownia for all parts of the shutter including frame, stile, top and bottom rails, louvres and mid rails. Paulownia is fully FSC certified meaning it comes from a certified sustainable source.

Basswood

Strong & Durable

Hardwood Basswood, also known as Linden Wood, offers additional strength over Paulownia making it perfect for high access areas or large installations. All of our wooden shutters use mortice and tenon joinery, and undergo an extensive kiln drying process, prior to being machined.

uPVC

Natural & Durable

Moisture-resistant & Practical

More suited for wet rooms or areas of moisture our uPVC core composite shutters offer a smoother finish. uPVC shutters are resistant to moisture so can be installed in any room. Our shutters are available in any colour and include marine grade stainless steel hinges as standard to prevent rusting.

BESPOKE HARDWOOD SHUTTERS

www.shuttersbylindenpaul.com

Full Height Shutters

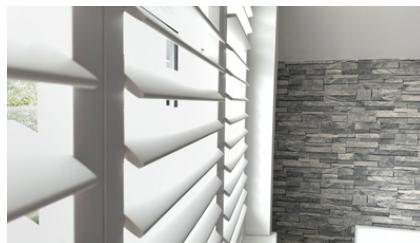

PRICING FROM

£ 240

WHAT ARE THEY?

Full height shutters are suitable for all windows and they are the most versatile and classic option.

Panels cover the window from top to bottom giving you ultimate privacy and a neat look.

BEST SUITED?

Ideal for French and patio doors and tall windows, full-height shutters can be tailored to suit almost any opening.

Providing complete privacy when closed, they're perfect for bedrooms, bathrooms, and ground-floor living spaces without compromising style.
